50X1-HUM

[redacted] one regiment is now stationed at Seyring airfield.

50X1-HUM

[redacted] The present location of the third regiment has not been determined. Jet fighters were observed in Strasshof for the first time. Their previous location is unknown. It remains to be seen whether the jet planes are stationed there permanently or temporarily. The information on an apparent extension of the runway may support the assumption of a permanent occupation.
